## LAST EDITION.

LIVERPOOL, August 4.—Moody and Sankey, the celebrated revivalists, sailed for America to-day.

BUFFALO, August 4.—Owing to the condition of the grounds, and other matters of less importance, the races have been postponed till to-morrow.

The Centennial Model Post-office.

PHILADELPHIA, August 4.—Postmaster General Jewell is in the city making arrangements for a Centennial Post-office. It is proposed to establish a model post-office on the grounds, with all the appliances, to show visitars the mail system of this country.

The O'Connell Centenary.

DUBLIN, Aug. 4.—The Fenian Amnesty Association has issued a proclamation calling on Irishmen to assemble in thousands to join in the O'Conneil centenary procession. At the end of the line they have resolved to carry banners inscribed: "Remember the political prisoners," "God save Ireland."

LOUISVILLE, August 4.—The river is rising one inch per hour. There is 24 teet of water in the canal and 22 feet on the falls.

IBONTON, O., August 4.—The river is rising slowly. Wrecked barges, flut-boats, houses and bridges are passing. No trains are running. Ten thousand logs are reported as having broken loose in the Kanawha river.

A Constitutional Convention for bama.

MONTGOMERY, ALA., August 4.—The returns show that the Constitutional Convention is called by ten thousand majority. Datus E. Coon, who issued an address to the peo-White's ple favoring Congressman White's Force bill, received but seven votes in his own city out of 2,400 polled, 1,800 of which were Republican.

gery case begins to assume a very dif- time ago. ferent aspect now that the testimony for the defense is being heard. The witnesses for the prosecution were weak in the matter of personal character, and it now appears that their testimony was not credible in many important partic-

Judge Skinner, who has for years acted as Turner's counsel, testified to-day that the papers, alleged to have been forged, were in his possession more than a year before the time when Reed, the confessed forger, declares he prepared them at Turner's instigation.

mr. Marsh, another Quincy attorney, testified that he, too, examined the pa-pers long before the date fixed by the forger, Reed, and it is understood that Prof. Turner, father of the accused, has Prof. Turner, father of the accused, has documentary evidence which will prove that he had seen the deed at a much earlier date. There seems to be no jurther question that this charge of forgery, involving an immense sum of money, must entirely fall to the ground.

The Evening Journal is inclined to think that the papers found in a bottle floating in the lake, and signed by Donaldson, is a genuine document. A gentleman familiar with Donaldson's writing, has made a careful examination.

ing, has made a careful examination, and says that there is every reason to believe that Donaldson wrote the message. The message was as follows: "July II. If this should be found say to the world that we are lost in the gale." Signed Donaldson.

His Last Dance.

DES MOINES, IA., August 4.—About 2 o'clock this morning at a negro dance an affray occurred, in which John Anderson, formerly of Chicago, was shot, the ball entering at the breast and lodging in the abdomen. The wound is probably fatal.

State. The railroad bridge on the Gilman, Clinton & Springfield railroad is in great danger. A heavy destruction of property was occasioned by the rise last night, and still more is in danger. The river is higher than ever known. We have had three clear days now, and the farmers expect to get to work on their meadows to-morrow.

Wheeling, West Va., Aug. 4.—
Wheeling creek was higher yesterday
than ever known before. The abutments
of the bridge two miles east of the city
moved over one foot. At points along
the baltimore and Onio railroad, between this city and Grafton, there was
great destruction of property and loss
of grain. The town of Farmington is almost completely submerged. There are
a number of land-slides on the railroad,
and four bridges were carried away on
the Parkersburg branch. The river is
still rising slowly. still rising slowly. .

NEW MARTINSVILLE, W. VA., August 4.—The loss in staves, dressed headings, logs and barrels carried away from this vicinity will amount to over \$100,000. All the low lands in this section are sub-

NEW ALBANY, IND., August 4.—Trains on the New Albany and Chicago Railway were taken off yesterday. At Gosport the track is submerged by the flood in White River for a distance of three miles. A heavy force of men is working there to prevent the railroad bridge from floating away. White River is twelve feet higher, at Gosport than ever before known.

NORTH VERNON, IND., August 4.—The Rockport bridge, a fine one, on the J., M. & I. road, between Seymour and Columbus, was swept away by the high water. Passengers and freight from Louisville are now taken to Indianapolisaby way of North Vernon.

MEMPHIS, August 4.—There is little change in the river. Rose two inches during the past twenty-four hours, and now stands eleven inches below the rise of last spring.

New Orleans, August 4.—The Arkansas levees near the Louisiana line are low and in a bad condition. Should the upper levees give way the whole country around Bayou Macon will be overflowed.

CIRCLEVILLE, O., Aug. 4.—The Scioto is higher than eyer known. The broomcorn fields here are entirely under water, and the crop considered utterly ruined. A part of the distillery of Maag & Co. is undermined.

CHILLICOTHS, Aug. 4.—A break in the canal, thirteen miles below this city, swept through a wheat field belonging to Mr. Claytou Plyley, and washed out 5,000 bushels of wheat into the river,

Jacksonville, Ill., August 4.—The recent storms in Central Illinois have done immense damage to crops, bridges and railroads. The loss is estimated to amount to a million of dellars.

amount to a million of dollars.

LAFAYETTE, IND., August 4.—The flood in the Wabash is several inches higher than ever before since the settlement of the country. The low ground is all overflowed. In many places the river is tween here and Fort Wayne is complete. It is broken in a hundred places. The canal and river have been on a level for forty-eight hours, the water of the river rushing through the latter and running over the banks from one to the other at over the banks from one to the other at all low places. The river is now falling.

BRIGHT, IND.—We have had a great amount of rain this summer, in fact, it has rained almost incessantly for two weeks, having had but one day that it did not rain in that time. The farmers are becoming very much discouraged, not being able on account of the wet weather to save their hay, oats, and Hungarian crops, which were very

MIDDLEPORT, O., August 4.—The river is above the banks and still rising. Large quantities of property from farms and milis above is floating by.

From the Metropolis. Tilton Scandal Suit -- The Bread-

stuff Market. NEW YORK, August 4 .- A letter was received in this city yesterday from J. H. Stanwood, of Algona, Michigan, who states that he saw Donaldson the seronaut, in Algona last Friday in company with a young man, supposed to be Grim-wood, the reporter. Stanwood is posi-tive that it was Donaldson (although he had no moustache), having frequently seen him when with Barnum in New

York.

Regarding the notice sent by Tilton's counsel to Beecher's attorneys, the latter say it is not meant for a retrial of the scandal suit, but merely a matter of form, and was done simply for mutual protection. Both Tilton and Ex-Judge Morris are reticent, and refuse to say whether the case will be tried over again or not. Tilton is hard at work upon his

Springfield, Ill., August 4.—The water in the Sangamon river began to fall yesterday evening at 6 o'clock, but the inhabitants living along the river were greatly surprised this morning to find that the river had again risen in the night two feet, and this forenoon it has been rising two inches an hour. This can not be accounted for unless it rained hard yesterday in the eastern part of the west.

The Evening Post says from the Produce Exchange we learn that there are firm markets for breadstuffs all over the world. The calculation there made is that so far as; our own country is concerned the losses by reason of the recent rains will not exceed two per cent, of the entire crop, and that this loss of two per cent, will probably enable the produce Exchange we learn that there are firm markets for breadstuffs all over the world. Storm and Floods in Australia-Wreck,

SAN FRANCISCO, Aug. 4.—The floods in Australia greatly interiere with railway communication. A terrible storm is reported along the Australian coast. The bark Corrido, from Newcastie, Adelain, went ashore on Swan Island and is a total wreck. The break-water at Woollongtong has washed into the sea.

Mississippi Democracy

JACKSON, MISS., August 4.—The Democratic Conservative State Convention, assembled at the Capitol yesterday, was the largest assemblage since 1881. All the prominent men of the State were present. The Convention was called to order at 11 o'clock by Col. J. M. Stone, of Tishomingo, Chairman of the Executive Committee. A temporary organization was dispensed with and Ex-Governor Charles Clarke declared President and J. L. Power Secretary. After the appointment of a Committee on Resolutions Colonel Lamar addressed the meeting at much length, arraignne meeting at much length, arraign-ing in the severest manner the Govern-or's administration and opposing the madness of the so-called color line. Hon.

madness of the so-called color line. Hon. W. L. Hemingray was unanimously nominated for State Treasurer.

The platform reported by the Committee and adopted is mainly confined to State matters, recognizes to the fullest exient the civil and political equality of all men, and asks the aid and assistance of voters of all parties, of both races, in the establishment of good Government. The color line is wholly ignored.

by surrounding houses than that which I use. During the greater part of the period covered by Dr. Ray's observations he used a different kind of gauge, one perhaps not so accurate as the Smithsonian gauge now used by myself. My observations are made at a point about a half mile east of Dr. Ray's place of observation, which fact would, perhaps, influence the results more than either or both of the preceding causes, as it is a well-known fact that some of our most violent storms are of limited extent, and so sharply defined that a small difference in location somatimes makes a very con-

in location somatimes makes a very considerable difference in the results. But making due allowance for all these causes of difference it is hardly possible to account for the whole amount of difference, over ten inches, so that we are forced to the conclusion that for this point of observation, at least, there has been a very decided diminution in the average rainfall during the past twenty years, compared with the previous twenty years.

Prof. Chas. A. The present number of this excellent juvenile monthly is bright and attractive as ever. It opens with four more chapters of Oliver Optic's interesting and finely-illustrated story, entitled "Going West," which is among the best of the writings of that popular author. Elizabeth Dudley's artistic story for girls, "Nature's Scholar," is in that graceful writer's finest style, and it conveys a useful moral to the mind of the vouthful reader. "Brought to the Front, or The Young Defenders," and another sorial, "The Great Bonanza," are continued, and the boys will find them both of absorbing interest. "Reminiscences of West African Life;" "What I Know About the Tower of Babel;" "Beliezo, the Spanish Pirate;" "Something About Oysters;" "The Brigand Rehearsal, an original dialogue," and the two editorial articles, "The Tour of the World" and "A Young Astronomer," are all of that entertaining and instructive kind most desirable for the juvenile mind; and there are likewise several little poems that will please both young, and old. The numerous illustrations are all appropriate and handsomely executed. It concludes with a variety of puzzles, etc., that will furnish amusement to all. It is cheap at 43 per annum. THE COLORED EDITORS.

The Mayor Honors their First Public Session by his Presence.

The first public session of the colored editors was held at Union Chapel to-day. Among the large number present were Mayor Job

The Hon. Mr. Pinchback called the me to order, after which Dr. Arnett offered a short

prayer.

Mr. Pinchback then announced to the Convention that Mayor Johnston being present he would introduce him to the Convention, and ask for a few remarks.

Unon this, the Mayor, accompanied by Judge Safin, advanced to the front, and in a few appropriate remarks, tendered all hospitality to the Convention and indorsed their movement.

Mr. Pinchback then announced that the object of this convention was to perfect the organization of the colored press, and make it a unit in sentiment and idea throughout the country, from coast to coast. In this convention they had endeavored to unite the clergy and all who were interested in the calightenment of the colored race.

We recognize, he said, that our futures are in our own hands; the philanthropist of the North has halted. We must chizel out our own fortune. Even now the colored man has if thrown in his teeth in the halts of Congress that too much had been done for the colored man.
